

## Using the Servo Gizmo with Playground for Crumble

### Requirements:

- Playground for Crumble with Crumble attached and batteries installed
- Servo Gizmo
- 1 x Connection cable

### Connections:

1. Switch Playground OFF
2. Plug connection cable from Pin A on Playground an into the Servo Gizmo
3. Switch Playground ON

### Simple Software Demo:

This software will Move the servo fully left, then centre it, then fully right, centre and repeat

```
program start
do forever
  servo A -90 degrees
  wait 1 seconds
  servo A 0 degrees
  wait 1 seconds
  servo A 90 degrees
  wait 1 seconds
  servo A 0 degrees
  wait 1 seconds
loop
```
